Terms and Conditions of Sale.

When ordering, please state how you want your shipment made, whether by freight, truck or express. Where no instructions are given, we will ship as we think best and cheapest, without assuming responsibility.

10 Percent Discount for Cash With Order! Free Boxing and Packing!

CREDIT. We are glad to extend the usual terms of credit to regular customers, and parties known to us. Otherwise, we require cash in advance, because our margin of profit is too small to take chances on unknown parties, not rated.

On all orders placed with us, the stock is sold at our nursery, f. o. b. McMinnville, and the plants become your property upon delivery of them to the transportation company. We cannot be responsible for loss, damage or delay in transit, but will do everything in our power to assist our customers to recover damages from the carrier.

CAUTION. We accept all orders upon condition that they shall be void should injury befall the stock from frost, fire, hail storms or other causes over which we have no control.

We cannot guarantee any trees, shrubs and plants sold by us, other than that they are true to name and free from any disease, and hold ourselves prepared to replace, on proper proof, all that may prove to be otherwise. We do not give any warranty, express or implied, in respect of them. Any and all such goods are sold upon the express condition and understanding that in case any of them prove to be untrue to name, unhealthy or otherwise defective, we shall not be held responsible for a greater amount than the original price of the goods. In no case do we assume any responsibility for safety of the stock after shipment, except for our own mistake.

TREE SEEDLINGS AND HARDY FERNS

Woods-Grown—For Season 1933.

The stock herein offered is not nursery grown, but is woods grown, collected stock from the mountains and forests. Woods grown or collected stock is not to be classed with nursery grown or cultivated plants. We do not recommend the woods grown plants as being as good stock or giving the satisfaction that nursery grown plants do. The difference is that it comes at cheaper prices and some of the items offered herein are hard to find in nursery grown plants.

NOTE—Most collected seedlings such as Maples and some others, except large sizes, are crooked near the ground and should be cut back to crown before planting. They grow up straight, smooth and much faster and quicker than when planted without cutting back.

In placing your order for collected stock allow us a few days to have the stock dug. This will insure you getting freshly dug seedlings.

HARDY FERNS

Graceful and Popular Plants of Easy Culture.

We wish at this time to call your attention to the five varieties which we dig here in the mountains. These ferns have not been cultivated, but are just dug from the forest. We ship thousands of them every year, and so far as we know, they are giving general satisfaction, and the prices at which we are selling them give us only a small margin of profit for handling them. We give sort descriptions as follows:

OSMUNDA CINNAMOMEA. Cinnamon Fern. A stately large Fern with very large creeping rootstocks. Leaves deciduous, produced in circular cluster, bright green with pinnatifid divisions, growing 3 to 5 feet tall. A very ornamental fern.

\$3.00 per 100; \$25.00 per 1000.

OSMUNDA REGALIS. Royal Fern. A vigorous tall-growing fern with good stout rootstocks. Fronds will measure a foot or more wide, growing 2 to 5 feet tall, fruiting portions panicles at the summit. We ship in clumps.

\$3.00 per 100; \$25.00 per 1000.

POLYSTICHUM ACROSTICHODES. Christmas Fern. A beautiful evergreen fern with densely chaffy stipes. Leaves deep green with numerous pinnae, 1 to 2 feet long.

\$1.50 per 100; \$10.00 per 1000.
